

Boy Tells Of Month Of Horror

Ordeal of Beatings, Hunger on Farm Are Related Here

By STANLEY BURKE

A month-long ordeal of beatings and hunger on an isolated farm 15 miles from Rimbey was described by a 15-year-old Edmonton boy in an exclusive hospital bedside interview last night.

The boy, Bill Souter, is in Royal Alexandra hospital, suffering from malnutrition, frostbite, bruises and lacerations. He may lose the tips of all his toes and some fingers as a result of working in sub-zero temperatures without proper clothing.

His father, Edward Souter, 1121-77 avenue, brought the boy to hospital in Edmonton after the 15-year-old fled to a neighbor's home near the Rimbey farm, where he was sent last July.

"He had a swell time at the farm right up until a month ago," the boy told The Bulletin from his hospital bed yesterday.

"I had a horse and saddle and a saddle-blanket and a bridle, and I used to ride out every day and bring in the cows. I learned how to milk, and I learned how to cut and the calves and yearlings."

SEEMED CRAZY

"Then, about a month ago they just seemed to go crazy," he said of the two Rimbey farmers at whose home he lived. The men, Second World War veterans, are in their 20s and live on the farm with their aged mother.

"They took me out in the barn and beat me with their Sam Brown belts and they put manure in my hair and all over my clothes. There were three times they beat me."

Don't Miss Out On Fun

Are you and the wife going to be one of those unfortunate couples who are stuck at home?

Are you going to miss out on all the New Year's Eve celebrations because there's no one to look after the young ones?

If you are in such a dilemma there is a quick, easy way out. They not turn to the Want Ad section of today's Bulletin?

Under the Personal and Situations Wanted classifications you will find a solution to your problem in no time at all.

15-Cent Drop In Eggs Seen

Eggs are expected to drop about 15 cents a dozen in Edmonton next Thursday.

This was forecast today by government poultry officials here.

Decreases will follow a recent downward trend of eggs, which dropped five cents a dozen on the wholesale level here yesterday.

Eggs are now wholesale for 55 to 58 cents a dozen for Grade A varieties.

Decrease is brought about by ever-increasing supply of Grade A eggs on local markets, at producer this seasonal peak.

Suicide Death Of Sylvan Lake Woman Reported

Suicide death of Mrs. Elizabeth Hanzak, 57, at Sylvan Lake yesterday afternoon was reported by RCMP.

Mrs. Hanzak was found to have hanged herself, the police said, in a rooming house at Sylvan Lake, covered in her Sylvan Lake cottage at 1:30 p.m.

Coroner Dr. William Carter and RCMP at Red Deer are investigating. Next of kin are John T. Hanzak, 28 Red Deer, and Mrs. Helen Hanzak, Calgary.

IT GETS A WEE NIP

Handful of Coal and Herring Will Start You on Hogmanay

DUNDEE, Scotland, Dec. 29.—(Reuters)—Scotland yesterday began the annual round of herring with dark hair and herring and not tartan ribbons tied to their tails.

It happens every year. Every tale of the dark-haired men will hammer on their neighbors' front doors, bearing handfuls of coal in one hand and a handful of herring in the other, and press the cold herring into the neighbor's hand in a slimy handshake.

TELLS STORY OF CRUELTY

VICTIM OF ALLEGED cruelty on farm near Rimbey, 15-year-old Bill Souter is recovering in Royal Alexandra hospital from malnutrition, frostbite, lacerations and bruise. Boy was living on farm of relatives at Rimbey, 33 miles southwest of Edmonton. Boy's body is covered with wounds where he says he was jabbed with pitchfork. In spite of harrowing experience, cheerful, personable boy wants to go back farming.

Unmanned Tank Regiment May Be Posted to Europe

OTTAWA, Dec. 29.—(CP)—A posting to Europe for one of Canada's two tank regiments is under consideration here as part of the planning for dispatch of an army brigade group to Germany within a few months.

SOMETHING A LITTLE NEW FOR THE BOYS

HOLLYWOOD, Dec. 29.—(UP)—Shapely Betty Grable will send G.I.'s a new version of her World War II pin-up picture which adorned thousands of barracks walls.

Instead of a white bathing suit, Miss Grable will wear a red one.

Defence Council Defers Food Contract Decision

OTTAWA, Dec. 29.—(CP)—With defence planning to the forefront, the government has shelved, for the time being at least, final decision on 1951 Anglo-Canadian food contracts, informed quarters disclosed today.

The United Kingdom has offered to take 120,000,000 pounds of bacon and 77,000,000 pounds of cheese at 1950 prices, that is, 28 cents a pound for cheese and 29 cents for bacon.

However, the government has not yet decided whether to accept those prices. At the Nov. 30 federal-provincial agricultural conference, Agriculture Minister Gardiner said he was not entirely certain that the prices were as good as they might be under current circumstances.

His parliamentary assistant, Robert McCubbin, said in London, Ont., last night that no contracts should be signed, even at 1950 prices.

A government official said Mr. McCubbin's view was his own and not those of the government.

BIRTH HOME LOSES STORK

LONDON, Dec. 29.—(UP)—The Hford Maternity home reported to police today that its stork had been stolen. The missing bird was a large, wooden model that stood over the entrance to the home.

Big Long Cruise

LONDON, Dec. 29.—(Reuters)—Ships of the Royal Navy steamed over 3,000 miles in 1950, or about 120 times around the world, an admiralty survey issued tonight said.

Both are equipped with American-made Sherman tanks, based on the second World War type. Canada makes no tanks. She would have to get them either from the British or American if she didn't send her own.

The armored regiment would be in addition to a squadron or battery of Second World War type tanks, mounted on so-called Priest tank chassis. This battery already has the special force.

Plans to send a brigade group to Germany within a few months are already going forward. The move would be a duplicate formation that arises from the belief that it would be unwise to keep troops overseas too long and that there must be a man ready at home to replace the man overseas at about a year's interval.

Other fish are permissible but no soles. Even a pinch of salt is better than nothing. —all the fish-eaters in a blond —or worst of all if it is a woman —look out.

Of course the Scots are not a superstitious race, it's just a matter of tradition, they explain. After the coal and herring business is over, the first-finding party is invited in for a wee nip and he must bring a herring.

UN Allies Retreat 10 Miles

Two Massed Thrusts Gain Area for Reds

By OLEN CLEMENTS

SEOUL, Dec. 29.—(AP)—

Massed Communist manpower drove United Nations forces back up to 10 miles in the eastern sector of the Korean warfront.

The spokesman said the attack was made yesterday by 10,000 North Korean troops.

There was skirmishing all along the defense line.

However, at the Korean front, a United States Eighth Army spokesman said tonight the sudden enemy attack through the central sector of the Allied defense line "can now be said to be contained."

The spokesman said the attack was made yesterday by 10,000 North Korean troops.

LT. Gen. Matthew B. Ridgway, United States Eighth Army commander, expressed "complete confidence in the ultimate success" of the United Nations effort in Korea.

SEIZE HIGH GROUND Gen. MacArthur said two Red regiments seized high ground north of Seoul, 35 miles inland from the sea of Japan coast and about 10 miles south of parallel 38.

Another thrust rolled Allied forces back southeast of Yongju, 15 miles due east of Seoul.

MacArthur said the Communists were active in almost all sectors across Korea's waist.

He reported 5,000 to 6,000 Red troops moved west of the frozen Imjin river. Another concentration was spotted south of Yonchon, in the central sector.

United Nations warplanes struck the enemy activity in the foreground of the enemy attack. Behind them were herds of Chinese Manchurian and North Korean troops—were spotted in Korea and Manchuria to strike Allied forces.

PLANES HIT ENEMY The United Nations warplanes struck the enemy activity in the foreground of the enemy attack. Behind them were herds of Chinese Manchurian and North Korean troops—were spotted in Korea and Manchuria to strike Allied forces.

The regiment—either the Lord Strathcona's Horse or the Royal Canadian Dragoons—would go as an armored shield for the three battalions that make up the infantry component.

They could be changed, but present plans call for dispatch of the regiment to Europe for one of Canada's two tank regiments is under consideration here as part of the planning for dispatch of an army brigade group to Germany within a few months.

Immigrants Will Assist in Migrants' Travel

OTTAWA, Dec. 29.—(CP)—Immigration Minister Harris announced today a government plan to advance to prospective immigrants part of the cost of transportation to this country.

The plan goes into effect Feb. 1 next. Mr. Harris said it will be made "on a recoverable basis" to the heads of families or single persons who have not enough money to pay their own way to Canada.

The assistance will be available to selected immigrants from the United Kingdom and Western Europe. They may make their application to Canadian immigration officers in those areas.

Terminating the step a "major development" in Canada's immigration policy, Mr. Harris said the advances made will apply to transportation from port of embarkation to destination in Canada.

The immigrants, however, will be required to contribute not less than \$30 dollars, or an equivalent amount in the currencies of their own countries.

REPAY ADVANCE "Immigrants accepting these advances must agree to work for a Canadian employer and to remain in the same type of employment for a period of one year, or until such time as they have repaid the money advanced to them by the government."

"To facilitate repayment, the immigrants will also be required to give their employers the authority to deduct amount from their wages which will be applied against the loan."

"The period during which these deductions will be made will depend on the immigrant's earnings in Canada, but will not exceed 24 months."

Dr. J. B. T. Wood, president of physicians, said the man is suffering from a fractured collar bone, face lacerations and serious internal injury. He was taken to St. Mary's hospital in High Prairie.

PHILIPPE, a farmer engaged in seismograph work, had just taken off from the High Prairie airport when his two-passenger Aero Coupe crashed.

Top Labor Chiefs Warn Government

Defence Plans Supported But Wage Moves Coming

OTTAWA, Dec. 29.—(BUP)—Leaders of the nation's two big labor organizations today pledged their all-out support for Canada's stepped-up defence program, but told the government it must improve living standards to make the country "worth defending."

A. R. Mosher, president of the Canadian Congress of Labor, and Percy Bengough, head of the Trades and Labor Congress, made their positions clear in separate New Year messages in which they indicated that Labor would seek further wage hikes in 1951.

They both reiterated a demand for reimpementation of price controls and continuation of rent controls to combat steadily rising prices. They said the livelihood of Canadian workers was threatened because of government inaction in the two control fields.

They also said that Communism would be isolated by Communist aid to the government, and that it was its obligations on the international front and in improving living standards at home.

FAILURE CHARGED

"Our responsibilities in the international sphere do not excuse our failure to take whatever steps are necessary to protect, if not improve, the standards of living of our people," Mosher said, and "we provide adequate defence for our nation requires that we should make the nation worth defending."

Bengough said that "on the home front we must make our democracy work, through the improvement of the economic and social standards of our people and securing effective treatment for all, regardless of what they are."

Mosher and Bengough said the outlook for the New Year was serious, but that Canadians should not adopt an attitude of panic or pessimism, or a sense of helplessness.

"The defense in Korea, Mosher said, must be continued, "and we are faced with the possibility of a large-scale war with China, and possibly Russia. It is evident that in spite of having fought two world wars in one generation, we are still far from having laid down the peace and goodwill among the nations."

Canadians must be prepared, he said, to make every effort in the New Year "to meet our obligations to the international community, to meet whatever difficulties the future may hold."

COMMUNIST PERIL

Bengough warned Canadians to be on guard against Communism "trying to destroy our system, our institutions and through that process our democracy." Those "perils" were not new, he said, "because they show for peace while supporting aggression and they clamor for peace while while whipping Stalin and his tightly and growing military strength."

Mosher said the government must accept "a heavy burden of responsibility" for its failure to retain price controls, and thus prevent "the disastrous inflation which has taken place since the end of the war."

He said the cost of living had increased by more than 40 per cent since 1946, although it had risen steadily during World War II by federal control.

"This has notified any wage in-

creases which were obtained during the war, but it has made it almost impossible for a great many people living on fixed incomes to meet their expenses, as has been pointed out by the government."

RISING COSTS

"The upward swing of prices shows no sign of abating," said Bengough. "With every increase in price the standard of living of all workers every family in Canada is further depressed."

Bengough said Canadians should not be misled by "propaganda" that the Fraser valley was being hit with wage control. He said wages already were controlled but that those were free to change at the discretion of employers.

Employers should not be allowed to raise prices without the approval of a government board, including labor and farmer representation, he said.

Allies Hurdled Back 10 Miles

(Continued from Page 1)

spotted camouflaged vehicles in the forward areas. The Communist forces had been in the area since the 25th and 26th, with UN troops dispersing 100 beds in the initial attack. Later, a regiment of Communists was thrown at the allied troops and ground was lost.

A briefing officer at U.S. Eighth Army headquarters said one allied unit was thrown back 10 miles. Another battalion lost three miles.

Air observers reported mounting evidence of Chinese and North Korean forces moving up toward the front lines.

NEWS RESTRICTED
The People's Forces operating in the Kanpung province inflicted blows upon the enemy's forces, the United Nations said, on the 28th and 29th, with 25 and 26, with 25 and 26, with 25 and 26.

"According to a part of the war records, our forces inflicted about 200 casualties on the enemy, and captured about 100 troops in the said actions."

TOWNS BLASTED

The U.S. Far East Air Force and Fifth Air Force fighters and bombers kept plunging at the Communist forces near the Kanpung province, the United Nations said. The harbor area and supplies were blasted in North Korea.

Speckly American jets knocked down one Russian-made MIG-51 and damaged two others in enemy territory. One of the MIG-51s was shot down near Manchuria. All American planes returned safely to their bases.

He said the cost of living had increased by more than 40 per cent since 1946, although it had risen steadily during World War II by federal control.

Blow to National Economy Seen from Farm Setback

OTTAWA, Dec. 29.—(CP)—Canada's farming population has been struck by a \$500,000,000 blow that may have repercussions in other parts of the Canadian economy.

The cash income they received from the sale of farm products has slipped to \$1,647,000,000 in the first nine months of 1950, the bureau of statistics reported yesterday.

It is approximately \$220,000,000 or 18 per cent lower than the \$1,795,000,000 in the same period a year ago and may mean that with less money, particularly Canada's farmers, received than in the past, they will have less money to spend.

Most of the loss fell in the west, where an unusual autumn blast of frost hit into a bumper wheat crop, reducing a big part of it to low-priced unmarketable grades.

PAYMENT REDUCTION

The decline, too, said the bureau, resulted from a reduction in the initial payment for wheat, lowered Aug. 1 to \$1.40 a bushel for No. 1 Northern from \$1.75.

Government aid to the tune of \$12,700,000 was paid to farmers in the drought-stricken areas of the prairies during the 1950 nine-month period, compared with \$20,000,000 last year, the bureau said.

Plane Plunges Into River But Fliers Safe

VANCOUVER, Dec. 29.—(CP)—

A light airplane crashed into the Fraser river last night but its two crew members were rescued after sitting four hours on the bottom of the overturned aircraft.

The plane was piloted by Rex Clibbery, former chief pilot with Saskatchewan government air ambulance service.

Their B.C. Airlines Ltd. plane crashed in a fog near the mouth of the Fraser while flying to Vancouver from Campbell River, B.C., on the east coast of Vancouver Island.

They were rescued by a city police patrol boat, which also took the plane in tow.

"I used to hurt pretty bad when they beat me, because they're both big boys. One of them weighs 200 pounds."

1950 Boom Recorded In Canada's Economy

OTTAWA, Dec. 29.—(BUP)—Canada's economy mushroomed to new records in nearly all departments in 1950, but the threat of inflation continues to grow, Trade Minister C. D. Howe said in a New Year message yesterday.

The nation's gross national product for the year was more than \$17,000,000,000, 30 per cent higher than in 1948. It was a year of continued economic expansion in both the domestic and international fields.

However, Howe said, "the prospect of greatly increased programs to meet the problems in 1950 and that will tend to dominate the economic picture in the months ahead."

There was a steady rise in employment, income and capital formation in 1950, following a trend begun in 1948.

"It confounded the prophets who predicted a year of depression and declining economic activity," the trade minister said. Employment rose 100,000 and 600 and unemployment dropped to 100,000. Investment expenditures rose some \$1,000,000,000 and total trade passed the \$6,000,000,000 mark.

CAPITAL GROWTH
"Canadians invested in their home land at an even faster rate. Since 1948 a total of \$14,500,000,000 has been invested in Canada."

"Not only have we added to our factories and schools and institutions," Howe said, "but we have added to our hydro electric capacity and built new pipe lines."

"Our investment today reflects Canada's growth in many directions. We have today well-developed and productive new frontiers in the production of electronic equipment, special industrial machinery, synthetic rubber and fibres, which a few years ago were either in their infancy or non-existent."

We have opened up new frontiers in both the economic and geographic sense, for we are only beginning to perceive the vast wealth which is buried in our soil and to realize the possibilities that lie ahead for Canada in the development of these resources."

The trade minister pointed out that Canada's new growing wealth brought greater international responsibilities, in the form of grants to the United Nations, the North Atlantic Treaty Organization and programs aimed at the world for economic aid and preparedness.

Italy Dislikes Esquire Girls
ROME, Dec. 29.—(AP)—Jack L. Begon, publisher of Rome's English language daily newspaper, the Evening Star, convicted yesterday of distributing obscene literature in the form of Esquire magazine and features illustrations by his artist showing lascivious women in various stages of undress. No sentence was imposed.

A Connecticut law, holds that even hair as much as a mole on the highways.

After an all-night search he asked police to help. They soon located the car and Mrs. Lindholm, who was sitting patiently in the spot where her husband had left her 12 hours before.

"I knew he had left her," she said.

He forgot where he parked the car.

After an all-night search he asked police to help. They soon located the car and Mrs. Lindholm, who was sitting patiently in the spot where her husband had left her 12 hours before.

"BUT, THE BULLETIN WENT AWAY when he was a watchdog—'with spirit!'"

Split Looms Over Japan Peace Treaty

WASHINGTON, Dec. 29.—(AP)—A final split between Russia and the United States over drafting a Japanese peace treaty appears all but inevitable.

An exchange of notes between the two powers, the latest released last night, disclosed several major points of conflict which diplomats doubt can be resolved.

The United States shows every intention of pressing for a treaty regardless of Russia's attitude.

Point of difference which now emerge from the exchange are mainly these: 1. The U.S. rejects Russia's contention that any of the great powers should have a veto over the treaty. This means that if Russia will not go along on terms acceptable to the United States and other friendly countries, the U.S. is prepared to go forward without Russia.

2. The U.S. is going ahead with a peace treaty with Japan, despite Russia's emphasis on Red China's interest in Japan.

3. The U.S. considers that it is reasonable for Japan to participate in it and with other countries in arrangements for a Japanese defense which would include provisions for the stationing in Japan of troops of the U.S. and other nations.

Greater Faith Hath No Wife
SALT LAKE CITY, Utah.—(UP)—One can tell Axel Lindholm, of Lincoln, Utah, that a woman can't be a mother and a wife.

Lindholm parked his car in downtown Salt Lake City and his wife said she'd wait while he got a snack.

He forgot where he parked the car.

After an all-night search he asked police to help. They soon located the car and Mrs. Lindholm, who was sitting patiently in the spot where her husband had left her 12 hours before.

"I knew he had left her," she said.

Charged With Manslaughter

DRUMHELLER, Alta., Dec. 29.—(CP)—James Smith, employee of Canadian Utilities Ltd., was remanded for trial yesterday on a charge of manslaughter.

The charge arose out of the death last June 10 of 26-month-old Roddy Hatcher, who was electrocuted when he came into contact with a live wire in the garden of his grandmother's home.

According to evidence submitted at the preliminary hearing, Smith, and two other men were working on the electric light line at the house next door. It was Smith's job to see the disconnection of wires in the power change-over was properly made. Witnesses told he was sitting between them and the pole to the ground.

Smith was charged with manslaughter.

Stan Mohr

Sports Editor

The People Write . . .

R. G. Beal, P.O. Box 331, City: "Last evening's write up re the hockey game of the 19th inst. (Flyers 7, Calgary 2) was the last straw. What in the world are you trying to do with the public? Sell them on Latoski, as you did with the Eskimos?"

"In my opinion Mr. Mohr you need your eyes examined, and soon. How can you rate the aforementioned Mr. Latoski in the Third Star class, is certainly beyond all common sense."

"Also, while on the subject, if you will take the time to look closer, you will find that Dertell was cut around the ear, and not near the left eye, as your column mentions. Said injury was caused, not from a carelessly wielded stick, but from a flying puck."

"Let's hope you can rate the stars a little better next time, Mr. Mohr."

Comment: Decision as to what players rate the stars always is a matter of opinion. This Mr. Beal seems to have forgotten. Regarding the circumstances of Dertell's injury, information was provided by the usual reliable source.

Fact that the information was incorrect (agreed) it was, Mr. Beal, came to light too late to do anything about rectifying it, until now, that is.

Rolly (Green Sheet) DeFrange, Pine Falls: "Here's wishing you a very merry Christmas and a prosperous New Year."

"Tell the boys that the 'Green Sheet' expects to peddle a flock of winners next summer as I will start from Winnipeg with all the inside dope."

Comment: There's another kind of dope—other than "inside?"

"Louis Gibson, 'A Calgary Fan', 107 street, City: 'I wish to protest about your calling down Brent Macnab. Believe me Colin Kilburn was not just sitting there when, as you say, Brent administered the bear hug. He was hugging just as hard."

"Another thing, a little while back you referred to Calgary as a '10 cent hockey team'. Well believe me I would rather cheer for Calgary any day than for Edmonton."

Comment: Go ahead. Lou, cheer for Calgary, cheer for Flat Wash, Ark. If it makes you enjoy a game more. As for Calgary being a '10 cent hockey team'—must admit that needs some revision upwards. Actually I think Sid Finney (on his good nights) alone is worth the price of admission.

'A Baschall Fan', City: "Could you tell me if George Bradish, first baseman for the Eskimos, is in the U.S. Army in Korea."

"Today I saw a newsweld and was positive it was he. In case you are seeing movies right now, the newsweld is at the Rialto (free plug noted). The soldier I mean is one of three carrying a stretcher."

Comment: Without having had an opportunity to check the newsweld in question, would suggest chances of George Bradish being in Korea are 1,000,000-1. After all he was still playing baseball in Edmonton, prior to returning to school in Los Angeles (he said), as late as Sept. sixth or seventh.

My information is that Bradish is doing what he went home to do—going to college in L.A.

In this connection word has reached us that outfielder Ray Caneca, another California boy formerly well known to Renfrew Park fans, hooks on with 'Uncle Sam's' Army early next week.

Mr. Ed. Kozak, 150 Galle Ave., Toronto: "Well I made it to Toronto to see the Grey Cup final and boy was it a disappointment. That Winnipeg team was a disgrace to the game. I think we won't do a lot better."

"I told you they would pick 'Porky' Brown of the Calgary Stampede as rookie of the year. I read where they did in the Toronto paper."

"I sure get a kick out of (Don) Durno. He owns a pool room here and I go up to see him once in a while."

"Ask (name deleted) how for purposes of remaining in one piece a (wife longer) how his love life is coming along."

Hope you enjoy Clark.

Comment: Ed (Tiger) Kozak was and is the biggest booster of the football Eskimos. Besides, he made himself highly useful in the dressing room and took several trips with the team.

Akin to a character out of Damon Runyon, "Tiger's" picturesque talk is chock full of such terms, as "cracker", "yardies", "dolls" and more.

His almost nightly visits to the sports department, along about the time the football season was winding up, were something to look forward to. He hopes to return here next autumn, to PLAY for the Eskimos.

NO PAY, NO PLAY

Teachers Disrupt N.Y. School Sports

NEW YORK, Dec. 29—(AP)—A teachers wage dispute has virtually paralyzed public school sports in the state's largest city in two months, making more than 10,000 scholastic athletes idle.

In this city of 800,000, only six scholastic football teams played throughout the last fall. Only three of 60 high schools, which normally have basketball teams are trying to go through with a court schedule.

Track and cross-country, which normally have some 4,000 competitors, are non-existent.

Basketball has been especially hard hit. New York town has been a fertile ground for college game material.

The sports shutdown stems from a teachers' demand for more money for after-school work. The instructors who had extra-curricular jobs, such as coaching, said they were promised \$600 a year extra by former Mayor William O'Dwyer.

When they received only \$250, they decided against the outside work.

Harrington Flies High

Maples winged Eastwood 11-4 in a Community Juvenile Hockey league game played at Eastwood last night.

Harrington paced the winners with five goals. Owing to line changes were Tom and Jack Dinningham, with two each, Campbell and Hanak.

About 25,000 students attend colleges in Nebraska yearly.

EDMONTON BULLETIN, Friday, Dec. 29, 1950

RINGING BELL in recent British Empire featherweight title bout is Jim Kenny. He was socked into by defending champion Ronnie Clayton, who eventually won fight. Kenny made it back at count of nine but when final bell tolled he had had the course.

REMEMBER TURNER?

Edmonton Star Soccer Great

TORONTO, Dec. 29—(CP)—Dave Turner, a tricky forward with the famed New Westminster Royals of some 20 years ago, is the choice of Canadian sports editors and sportscasters as the outstanding soccer player of the half century.

Typical of a sport whose followers are noted for their willingness to argue about merits of teams or players at the drop of a hat, Turner topped the Canadian Press half-century sports poll by the thin margin of a single vote over Art Hilditch and Gordie Campbell of Toronto.

"There was a more delicate touch to the outstanding star among 14 players. 15 of them winding up in a tie for fourth place."

But the top choice was Turner, a native of Scotland who came to Canada as a youngster and learned the game in Edmonton where he grew up. He set out on a soccer career in earnest in 1912 after a spell as a school-teaching north of Edmonton.

First he went to the Pacific coast with a boyhood team, George Canada, and then he moved to the United States to play with Fall River, Mass., and from there headed for Toronto where they joined United in 1926.

Turner spent one year with United and then went back to the Pacific Coast to join the New Westminster team which was a soccer power in the late 1920's and early 30's. He taught school in the department of Lands and Forests for which he was five feet, eight inches, triky and good on his head, he was an effective goal, his playing days, his thick, black hair was close-cropped and he was often called it steel wool.

Behind Halliwell and Campbell, the following 13 were tied: Doug McMahon, now of Montreal, Canada who left Winnipeg several years ago to play with Wolverhampton Wanderers of the English league and returned to Canada after the war; Les Meade, who came to join Toronto Greenbears after the war and then returned to the Old Country to play with Tottenham Hotspurs; Jackie Wheat of Vancouver who played for the Vancouver Wanderers with Brighton and Hove Albion in the English league.

Harry Phillips, of Toronto; Hugh Carson, of Saskatoon; Trevor Harvey of Vancouver; Dickie Johnson of Vancouver; Johnny Jones of Toronto; Stan Wakelin, a star with the Calgary Hillburies; Archie McKee of Edmonton; Dempsey Castonguay of Montreal; and the Fowler of Saskatoon. Thistles and also a pro hockey goaltender Jack Cowan, who played in British Columbia before going overseas to join Dundee.

Gordon Kings dropped a 7-1 verdict to the intermediate Mercurians in a practice contest at the gardens last night.

"We weren't hearing down too hard," coach Hilditch stated afterwards. Don Fraser scored the lone Oil Kings' goal.

Goalie Al Place turned, aside all Impact Oil Refinery thrusts at North Stadium last night, as the Oilers won a Commercial Hockey league game 2-0. Markman for Oilers scored two goals, one with two and B. Petruschik.

May 22-29 were set as dates for the 1951 annual meeting in Halifax.

Dr. W. G. Hardy, president of the International Ice Hockey Federation, and Art Potter, vice-president of the Alberta Amateur Hockey Association, both of Edmonton, are believed in attendance at the Toronto meeting.

"Several suggestions have been made by both sides to clarify the players-contract problem in the major-league contract. A series and there are other matters of mutual benefit that must be kept constant until ratified."

Clarence Campbell, NHL president, said he is willing to report until both sides ratify suggestions presented at a joint meeting in the near future. Thus the proposals must win approval of the NHL and CAHA annual meetings next spring and summer.

The CAHA gave his branches until Feb. 1 to file any further claims on payment of players who turned professional during the 1949-50 season. The Quebec branch was granted \$50 to pay for the printing in French of several thousand playing contracts.

May 22-29 were set as dates for the 1951 annual meeting in Halifax.

Dr. W. G. Hardy, president of the International Ice Hockey Federation, and Art Potter, vice-president of the Alberta Amateur Hockey Association, both of Edmonton, are believed in attendance at the Toronto meeting.

Pollon, Clement Battle For Blue Ribbon Honors

HAIRSTON HEADLINES N.Y. CARD

NEW YORK, Dec. 29—(AP)—Eugene Hairston, top winner over Kid Gavilan and Lee Sela, gets his big chance tonight when he tops his first Madison Square Garden card.

Ross, a tall, gangling middleweight, moved into the bout as a sub for Walter Carter, Boston, who has a severe cold.

Ross on his last trip to the Big Town was belted out by Steve Belloise. But now he is unbeaten in six fights and has won 38 of 45 in his career. Twenty-nine of his wins were knockouts.

Bellows and King Edward Park battled to a 3-3 tie in Community Hall's hockey league action at Donnan rink last night.

Kerrison paced the Park crew, scoring a pair of markers while McLaughlin accounted for the other tally.

Leiser Patrick's 1938 gold-winning feat is a hockey cliche that will always be remembered. Patrick, a famous star in the early days of the game, had played until he was 30, but retired to a manager's post five years before his New York Rangers met Montreal Maroons in the 1928 playoffs.

Lorne Chabot, Ranger goalie, suffered an eye injury in the fourth minute of the second period of the second game, April 8, 1928. As the rules then permitted, Maroons refused to allow a substitute although Joe Miller of New York Americans was in the crowd.

Patrick, who had never played goal, donned pads and went into the nets his mop of grey, curly hair incongruous in that setting. For almost two periods he kept the goal shut—22 of them—and allowed

the 1951 annual meeting in Halifax.

Dr. W. G. Hardy, president of the International Ice Hockey Federation, and Art Potter, vice-president of the Alberta Amateur Hockey Association, both of Edmonton, are believed in attendance at the Toronto meeting.

SNUFFIES SNARE FIVE-PIN LEAD

The 'Snuffies'—with a 3767 total—the annual five-pin handicap sweepstakes being held at the Recreation Bowling Academy this week.

Roster of the jockeys includes Vern Moha, Henry Prefontaine, Lyle Moha, V. Mikowichuk and Jack McCallum.

Teams still may enter. Two sessions, at 7:00 and 9:00 p.m., are planned for today. Tomorrow the competition will conclude, with sessions billed for 2:30, 7:00 and 9:00 p.m.

Winning team is guaranteed a minimum prize of \$100.

Sprinter Ties Leafs As Most Dramatic

TORONTO, Dec. 29—(CP)—Toronto Maple Leafs' comeback in the 1942 Stanley Cup finals and Percy Williams' double sprint victory in the 1928 Olympic Games were the most dramatic sports events of the half century.

Sports editors and sports broadcasters, voting in a Canadian Press poll, couldn't decide between the unknown, whether meteoric flash across the sports horizon and Leafs' dogged comeback after they had been beaten by Detroit Red Wings in three games.

The majority called it a tie but dissenters voted for Lester Patrick's famous goaltending in the 1928 Stanley Cup playoffs and listed a dozen other dramatic performances in the last 50 years.

The memory of Williams' victory in the 100 and 200-meter sprints at Amsterdam stayed with the voters for 20 years, although Williams himself passed quickly from the athletic scene.

Patrick's Leafs were counted out of the running after Detroit beat them in the first three 1942 games by 2-0, 4-2 and 5-2 scores. They won a place in the half-century poll by coming from behind to ring up four wins by scores of 4-3, 3-0, 3-0 and 3-1 and take the world title.

Of that 1942 team, only goalie Turk Broda remains in the present Leaf roster. Sweeney Schrager was a star and pumped in two goals in the first game. Brothers Don and Nick Metz were other standouts in the series.

Leiser Patrick's 1938 gold-winning feat is a hockey cliche that will always be remembered. Patrick, a famous star in the early days of the game, had played until he was 30, but retired to a manager's post five years before his New York Rangers met Montreal Maroons in the 1928 playoffs.

Lorne Chabot, Ranger goalie, suffered an eye injury in the fourth minute of the second period of the second game, April 8, 1928. As the rules then permitted, Maroons refused to allow a substitute although Joe Miller of New York Americans was in the crowd.

10 EDMONTON BULLETIN, Friday, Dec. 29, 1950

ADOPTED by old mother hen, four wide-eyed little kitters appear to be quite happy with feathers instead of fur. Old hen took kittens under her wing after she lost her own nest of young. Owner reports young felines aren't least bit henpecked by foster mother.

Hospital and Children Feted By Elks Lodge

DRUMHELLER, Dec. 29.—Members of Drumheller Elks Lodge during the last week added their all-out support to Santa Claus through promotion of a Christmas party at the Municipal hospital and a kiddies' party in the Elks hall.

Whole-hearted support of the Ladies of the Royal Purple was evident on both occasions.

The lodge, exalted ruler George Danyuk reported, this week received a letter of thanks from the board and staff of the Municipal Hospital for their decorating of words and the presentation of gifts to patients.

Santa Claus, who boasts a paid up membership in the local Elks Lodge, in his appearance at the Municipal Hospital provided presents for patients and secured a major success with children.

HALL PARTY

Party in the Elks Hall for children of members was voted one of the most successful in the history of the local lodge. The program was provided by Ladies of the Royal Purple.

Among members of the Lodge attending the celebration for patients at the Drumheller Municipal Hospital Sunday were: Percy Sewer, W. Sutherland, Carl Neilson, Bob Vockorak, Stan Baugh, George Danyuk, Mrs. E. Richardson, Mrs. J. J. Bernick, representing the Ladies of the Royal Purple and T. T. Boyes.

IN BRIEF

Brome Grass Rates Sixth At Chicago

FAIRVIEW.—W. H. McAdory received word that his sample of brome grass seed placed sixth at the Chicago Grain Fair.

FLEET.—William Willis, a long time resident of Fleet district, will well and active celebrated his 80th birthday last week.

FAIRVIEW.—Fairview Canadian Legion and the Ladies Auxiliary sponsored a Christmas Tree and concert here last week.

Entertainment was provided by the pupils of public and separate schools and a quartet which attended the program of songs and plays. Scenes were included from Dickens' "Christmas Carol".

FLEET.—Last Friday night Fleet schools presented their annual Christmas concert in the hall.

STETTLER.—Stettler Boxing Day Dance sponsored by the Ladies Auxiliary of Stettler Municipal Hospital, drew a large crowd.

Proceeds will be used for the various works of the Ladies Auxiliaries. Mrs. F. Galbraith was in charge of arrangements.

Medical Secretary To Leave Stettler

STETTLER, Dec. 29.—Joyce Dennis, secretary of the Stettler Clinic, new part of Stettler Medical Centre will leave shortly for Provost where she has accepted a position as secretary to the Provost Medical Centre.

Miss Dennis starts her new duties Jan. 15. She was with the Stettler Clinic for nine years.

Mrs. McKay, secretary for Drs. B. Zender and A. K. Bradshaw, is also leaving and has been replaced by Betty Campbell, who is also part of the new Medical Centre staff.

Inquest Slated

STETTLER, Dec. 29.—Dr. J. M. Waddell, Stettler coroner, has announced that a further inquest into the accident on Dec. 24 four miles south of Stettler following which Frank Nourse died in Stettler Municipal hospital and three of his children are in hospital will be held in two weeks.

Senior Citizens Receive Dinner

DRUMHELLER, Dec. 29.—More than 100 of Drumheller and district's senior citizens, the old-age pensioners, at the weekend were the guests of the local security council at a Christmas dinner, complete with all the trimmings and were each recipients of a crisp new \$5 bill as a Christmas present.

The presentation of the \$5 gift was made as the last item on the banquet program and in the homes of those unable to attend in time for Christmas.

The affair, an annual event, started under the direction of the Drumheller Security Council, Inc. The Security Council is a member organization of the Drumheller and District Community Chest Association.

In the first years of organization funds for the annual Christmas treat for the pensioners were raised through concerts, a tag-day and other activities held throughout the Valley. Members of the Drumheller Firehouses Union No. 1 aided in each sale of tickets.

The pensioners enjoyed their dinner and then were an attentive audience for a number of guest speakers. Late in the evening the group enjoyed a social gathering in the upper hall of the Social Credit Building.

Fairview Holds Amateur Night

FAIRVIEW, Dec. 29.—Women's Institute sponsored an amateur night here recently, with J. Hemstock acting as master of ceremonies.

Judging was carried out by Mrs. D. Forgie, Mrs. F. Malkinson, S. Gorman and F. Warden. Winners were: first, The Pagettes tap dancing, second, Sharon Proctor, solo third, L. and D. Klumpstein, piano duo, Youngest boy and girl, entertaining J. Chalmers and B. Hall also received a prize.

A special award was presented to Mrs. A. Biegler for piano recital.

Four Smashups In Millet Area

MILLET, Dec. 29.—No one was reported injured in the four traffic accidents which occurred in Millet district over the holiday weekend.

Two cars were badly damaged at the north end of Millet Tuesday when a Manitoba auto was in collision with a car leaving the B.A. bridge. No one was hurt.

Also on Tuesday, a south bound car is reported to have skidded and crashed into a bus in the south end of Millet.

Car owned by Donald Barth was also badly smashed in an accident at Kavanagh Saturday. Truck owned by Loyal Elder was damaged in a head on collision in front of the Ricketts farm near Millet. No one was injured.

The two largest stars, Hercules and Betelgeuse, are respectively 600 and 300 times larger than the sun.

IN FAIRVIEW

Guests are Honored At Opening of Hotel

FAIRVIEW, Dec. 29.—Proprietors of the new Grand Hotel in Fairview were hosts to 200 guests at a banquet here on opening night.

Following a full course dinner, a program of speeches and music and selections was provided by many of the guests present, with

Rural Power On Increase

DRUMHELLER, Dec. 29.—Drumheller district rural electrification project fostered by Canadian Utilities and various farm co-operatives is now serving over 1,200 farm homes.

Co-operatives, organized to bring power to rural areas, it was pointed out by a Canadian Utilities Company official, have recruited between 700 and 800 of the new users of power.

Among the leading officials of the Canadian Utilities in Drumheller in charge of the company share of the work are: Blyth Davidson, district manager; Bill Marsh, rural supervisor and Gordon Parker, head of the maintenance department.

During the past year nearly 350 farm homes have been connected for heat, light and power service to the company lines, it was divulged. Bill Marsh said it was likely an addition 250 to 300 rural subscribers would join various units within the next year.

Subway Bomb Shelters Planned

NEW YORK, Dec. 29.—(AP)—Plans for subway bomb shelters, which would shield an estimated 1,000,000 persons were outlined yesterday by Sidney H. Bingham, chairman of the New York board of transportation.

Bingham said the plans were patterned after similar shelters used during the Second World War in London, Berlin and Moscow. Cost of construction is estimated at \$104,000,000.

FAIRVIEW, Dec. 29.—Annual meeting of the United Church Women's Auxiliary was held recently at the home of Mrs. D. J. McBride.

Following officers were elected: president, Mrs. S. Simpson; vice-president, Mrs. R. Ashford; secretary, Mrs. H. Lower; and treasurer, Mrs. A. Robertson.

FLEET, Dec. 29.—Nick Filipenko escaped serious injury last week when his truckload of coal over-turned north of Taber. Filipenko was reported to be severely shaken up.

Just Odds that End

Overheard on the roadside bus yesterday morning: Sure hope my kid will be big enough for one of those anazzy electric trains next Christmas. I'm getting too old to play with those spring-winding choo-choos.

Joe Stalin seems determined to have peace even if he has to luff off everybody in the world to get it.

Elegant Elsie, my favorite waitress, thinks some people are reading this Christmas business. Elsie received a push engraved invitation to a dance last night, which stated: "Your presence is requested, etc."

"I think they should forget about presents now," pointed Elsie.

There's a first time for everything. Here's a man who wants me to hand an orchid to his wife. (And some pessimists say the world isn't improving.)

The orchid goes to Mrs. Sarah Wood from her husband G. R. Wood of Camrose.

After reading Mr. Wood's letter I think Mrs. Wood should have a whole basket of presents. Her husband has been knitting things for the neighbors and their children for years without any thought of payment.

"She starts as soon as the cold weather comes and doesn't stop until April 30. I wish there were more like her. The world would be a paradise. God bless her."

Mrs. Wood will receive her deserved orchids at the home of her son, G. E. Wood, 9817-150 street.

Mr. Wood, senior, is now in Camrose.

Had several phone calls last night from persons living in the northwest portion of the city.

They wanted me to ask why sand was not sprinkled on the ice-coated St. Albert road until after yesterday morning's fatal crash.

Going to a masquerade party? I've got a couple of Christmas neckties I'll let you have. You can hear them coming several blocks away.

Apology: Many very interesting letters came from On The Town readers last Christmas and immediately after Christmas. Under less distressing circumstances several of these letters would have been used in On The Town. I know the writers will understand why they were not.

A fine goodnight to all and especially to people who look forward to continued progress in 1951.

'Work Harder, Produce More,' Winspear Urges

MONTREAL, Dec. 29.—(CP)—Francis G. Winspear of Edmonton, president of the Canadian Chamber of Commerce, suggested today that "work harder to produce more" should be the Canadian slogan for 1951.

In a year-end statement he declared: "Our survival may well depend on how fast we in concert with our friends get the wheels of industry moving in highest gear."

SELF-DEFENSE
Events in Korea have awakened us to the fact that we will need self-defence and positive leadership at the business, labor and government levels.

Predicting a long period of mounting defense costs, Mr. Winspear advocated as few controls as possible in order to preserve a competitive free economy. Monetary shortages and inflationary measures could best be relieved by increased production and wise fiscal policies.

Best-Dressed Homes Are Chosen

BEST DRESSED HOUSE in Edmonton, chosen in Junior Chamber of Commerce contest, was that of Mr. and Mrs. J. R. Jewell, 5814 Jasper avenue. Second prize went to L. Russell, 9929-86 avenue, and third to Alex Mandryk, 11202-61 street. Honorable mention was made

of homes belonging to Wilf Crough, 5810-109 street; Gordon Shillabeer, 11336-94 street; E. A. Hugot, 9446-106 avenue; Mrs. F. S. Cicall, 9910-133 street; Miss E. Noble, 8119-113 avenue; Mrs. E. M. Manning, 6102-120 avenue.

Special New Year Dances, Movies, Services Planned

New Year's celebration may be more subdued than usual this year in Edmonton and in the rest of Canada.

With the eve of the big day falling on a Sunday, many Canadians are expected to mark the arrival of 1951 with gatherings in their homes.

Edmonton dance halls, theatres and hotels have scheduled special events starting at 12:01 a.m. Monday.

In most places doors will be open to patrons at 10:30 p.m. the night before.

Admission prices at larger dancing places are the same as they were a year ago, ranging from \$3 to \$5 per person.

Movie houses, however, will charge from \$1.25 to \$1.50 for mid-night shows.

Macdonald hotel, traditional meeting place of many Edmontonians on New Year's eve, will charge \$5.25 per person for the supper and dance.

YMCA and other civic clubs will start the holiday activity with a supper and entertainment from 9:30 p.m. to midnight New Year's eve. Dancing will begin at 12:01 a.m.

Service men will also be served supper, followed by dancing at Montgomery, Kingsway and other Canadian Legion branches in the city.

Special "watch-night" services will be held by city churches between the hours of 8 p.m. and mid-night Sunday.

Safety driving is again being stressed by Edmonton police authorities, and law officers will be on the watch for tipsy citizens who might insist on getting behind the wheel.

YOUNG PC SCHOOL SET FOR FEB. 23-24

The Provincial Young Progressive Conservative organizational school will be held in Edmonton Feb. 23 and 24 instead of Jan. 26 and 27, K. O. Bardwell, provincial president, announced yesterday.

George Drew, national leader, will attend.

The Provincial Progressive Conservative convention, at which time the party will make a return to provincial politics, is expected to be held in May at Edmonton.

Mayor Parsons Boosts Edmonton to Yanks

Mayor Sid Parsons is taking time out from sunbathing on warm Arizona sands to do some boasting for Edmonton.

In an interview published in a Tucson newspaper, Mayor Parsons has told Tucson that Edmonton is just about the best thing he ever happened to Alberta—or anywhere else.

"While a great booster of Arizona weather, Parsons is nevertheless a strong booster for his native province in Canada," the story said.

He told the southerners about Edmonton's skyrocketing population and prosperity, about the city's proud ownership of all utilities except gas, and put in a strong plug for the town planning being done here.

The story quotes Mayor Parsons as saying Edmonton's weather is "the kind that makes you feel glad to be alive."

"And that's high praise for a place that gets down to 39 below zero frequently, and has been known to drop to 60 below," it concluded.

While Edmonton thermometers flirted with the zero mark over Christmas, Mayor and Mrs. Parsons were in Arizona.

Since coming here last Tuesday, Mr. Parsons has advertised in the press for news of his brother, but has met with no success. Mr. Parsons said he had sent his brother several train tickets home but they never came.

NOT LIKELY Check Fails To Find TV Set Reported

Only one Albertan is reported by the Dominion Bureau of Statistics to own a television receiver. But a check of Calgary and Edmonton radio men today failed to reveal any trace of the set.

Two of Calgary's North Hill radio stores displayed television cabinets a year ago. But these had no checks and were eventually returned to radio companies after interested Albertans had satisfied their curiosity.

A television set was displayed in one Edmonton department store last year, but only for show purposes.

No operative TV sets have been sold or offered for sale in radio stores at Calgary or Edmonton as far as is known.

Neither provincial or federal government radio men at Edmonton could shed any light on the whereabouts of Alberta's lone television set.

The nearest TV transmitters are at Seattle and Salt Lake City. Reception would be limited to possibly a 15-minute period once every two or three months, they said.

This will be his first visit to the city since he received his present portfolio last August. He will inspect district offices and visit military hospitals.

Naval Visit
BARCELONA, Spain, Dec. 29.—(AP)—Spanish naval authorities said yesterday five warships of the U.S. Sixth Mediterranean fleet are expected here Jan. 9 for a Christmas cruise.

Some sent an Arizona Christmas in their bathing suits—planning a 10-day motor trip to Mexico with their host and hosts in a few weeks time.

And the mayor is finally having those troublesome teeth extracted. He'll have all his upper teeth, and Tuesday will have his lower teeth and plates fitted.

Partners In Stolen Goods Deal Jailed

Used Catalogue To Make Sales

By Maury Soward

A \$4,000 business in stolen goods came to an end in police court yesterday when the "partners" in the enterprise were sent to prison for 12-month and six-month terms.

When the end came, accused Wilfred Fidler, 1305-102 avenue, and Bernard Leduc, 11336-102 avenue, had built up a thriving business based on the "I can get a wholesale for you" sale.

Leduc, a shipper for Miss Steele Co., had "shipped" stolen vacuum, pen, toaster goods and electrical appliances to his home during 1950.

He acquired Sun Specialty Co. catalogues and armed with them Fidler "stock" at wholesale prices to fellow-polesmen at Pilkington Glass Company, where he worked, police said.

CHARGED
The two were charged with theft from their respective employers (Fidler also stole about \$100 worth of goods from Pilkington's) and with retaining goods stolen by each other.

Fidler, partly because of a recent illness, was back in 1951, received concurrent one year terms on each charge. Leduc, whose first arrest was in 1949, received concurrent six-month terms.

Business was booming right up to the day Pilkington's manager became suspicious of Fidler's operations and communicated with Van Dusen, manager at Sun Specialty Co.

Van Dusen communicated with police and the police with Leduc. When he arrested him at his home last Dec. 15, Det. Harry Nelson found accused's basement filled to high with "stock" that it took four truck loads to remove it all.

WORTH \$3,500-95

Alta. Farmer Gets British Scholarship

An Alberta farmer is one of two Canadian awarded scholarships by the Nuffield Foundation of England.

settling them to spend six months in the United Kingdom for a study of British agriculture.

The Canadian Federation of Agriculture, announcing the awards, said the two winners: John Molson, 25, of Eureka, Victoria County, N.S., and Orrin Hart, 30, of Claresholm, Alta.

LEAVE IN SPRING
They will leave next spring to spend six months in a farm home in the U.K., under the auspices of the Nuffield foundation.

In recent years, young British farmers have spent similar study periods in Canadian farms, but this is the first time Canadian farmers have been included in the plan.

The scholarship now is available to Canadian farmers for one year—one from eastern Canada and one from the west.

About \$200 worth had been given to the indefatigable Fidler and another \$200 worth.

Some \$1000 worth of goods stolen from Pilkington's was also seized for when Mr. Nelson arrested Fidler.

In announcing Leduc, Magistrate S. G. Mann said he took into consideration the accused's former good record and the fact that he was supporting a sick wife and two young children.

FIREFIGHTERS TALK OF STANDARDIZATION

CALGARY, Dec. 29.—(CP)—Standardization of coupling threads for fire fighting equipment in the city is being discussed.

The meeting agreed that the most effective means of automating the standardization program now is to form a committee. In this way, the coupling of six threads to the inch could be attached to a hydrant or a fire engine.

They agreed standardization, as fire departments could and each other, would have to wait until it was decided who would foot the bill for the change-over.

CIVIL DEFENCE
The chiefs, representing eight provincial communities, met with Col. E. D. Brown of Edmonton, deputy civil defence coordinator for Alberta, and A. E. Bridges of Edmonton, provincial fire commissioner. They discussed the

Women Today

Bride Flies From East To Wed Robert E. Eden

Soft candlelight glowed in Knox United Church Wednesday evening when William Lloyd Craig became bride of Robert Edward Eden.

Sunset Party To Be Held Saturday

Saturday party will be held for Edmonton Division No. 591, Order of Railway Conductors of America, by the O.R.C. Ladies' Auxiliary, Sunset Division No. 301. Affair will take place at the IOOF hall, 103 street, from 7 to 9 p.m.

President of the auxiliary Mrs. A. Heavener will receive. Program and refreshments will fill the evening's schedule for O.R.C. members and friends.

Cans Easily Cope With Extra Guests

Maybe you've waited until the moment to plan a New Year's Eve get-together at your house. If so, don't get excited. Order canned ham, crusty French bread, assorted pickles, two or three kinds of cheese and the main eats are under control.

For the festive check, buy a package of food's food mix that guarantees you a downy-soft texture and wonderful taste. Just add milk, according to the package directions, in two thin layers and the mixture together and frost with 7-minute frosting.

Decorate top with a wreath of green gumdrop leaves and a sprinkling of silver daisies and the figure 1939 gets in its own little corner.

Sylvan Lake Event Draws City People To Pretty Ceremony

SYLVAN LAKE, Dec. 20.—Eleanor Winifred Jamison, bride of George Thomas Lind, in a double-ring ceremony at Mount Sinai Presbyterian Church here recently.

Daughter of Mr. and Mrs. H. H. Jamison, the bride wore a floor-length gown of white sheer. Her maid-of-honor, Miss Carolyn, wore a Queen Anne headpiece. She carried a bouquet of red roses and white butter chrysanthemums.

She was given in marriage by her father.

Rev. J. P. MacIsaac, assisted by Rev. W. McLeod, performed the ceremony.

Mrs. J. K. Greenwood, sister of the bride, was matron of honor and chose for the occasion a gown of four-shir.

Miss D. Guild was bridesmaid and wore a gown of blue sheer. They carried editorial bouquets of sweethearts roses and white chrysanthemums.

A. E. Sambrook and J. K. Greenwood were ushers.

Following the ceremony a reception was held at the home of the bride's parents where Mrs. Jamison received wearing a floral gown complemented with a corsage of red roses and navy blue accessories.

Wedding music was played by Mrs. G. N. Fisher. Mrs. J. A. MacIntyre was soloist.

Schedule Holiday Rest Periods Too

If your social calendar is studied with gala holiday affairs, it's a good idea to schedule rest periods.

Unless you actually get aside afterwards for naps and mornings for late sleeping, these vital rest periods usually get lost in the shuffle.

Don't make the mistake of trying to crowd too many activities into too little time. Dancing until sunrise is fun, but so is a quiet, early-evening of record-playing to balance your fun.

It's fine to squeeze every pleasure you can from the shrinking year, but make certain that you yourself avoid becoming wound-up in the process.

Include Beauty In New Resolutions

Tucked in somewhere among the bright new resolutions and plans you're planning for 1939 should be at least one old-year resolution.

Both complexion disorders and excess pounds can be caused by improper eating. Deep-shouldered eyes and drawn cheeks may result from too many extraneous dietaries.

General drugginess and unbecoming loss of weight often follow burning out of all energy reserves. All these are easy to acquire but difficult to overcome.

Make a point of maintaining a balanced diet, no matter how tempting holiday delicacies may be. Counteract the effects of too-rich foods by increasing your intake of cereals and roughage; drink more water than you ordinarily do.

Loyal Stars Name Mrs. Reg. Lewis For Term President

Mrs. Reginald Lewis was named president of Loyal Star Lodge No. 10, B.B.L. of A., at a recent meeting of the group.

Meeting was held at the IOOF hall and presided over by president of the Loyal Star Lodge.

Other officers: Mrs. H. W. Simons, vice-president; Mrs. Lawrence Clark, recording secretary; Mrs. Fred Zimmer, treasurer; Mrs. William Ireland, marshal; Mrs. Albert Phoenix, sentinel; Mrs. Victor Dequa, warden; Mrs. T. E. Kersney, chancellor; Mrs. Reginald Lewis, Mrs. William Ireland, and Mrs. H. W. Simons, trustees.

Evening Gowns

Stockings wear longer and retain lustre if rinsed in cold water to which a small quantity of white vinegar has been added.

WAKE UP YOUR MORNING LIKE A CAVE MAN

Australian Paints Miniature Portrait Of Prince Charles

LONDON. — (C.P.) — First portrait painting of Prince Charles, two-year-old son of Princess Elizabeth and the Duke of Edinburgh, has just been completed.

A 15-inch miniature, framed in an oval gold-edged case, it matches similar miniature of the Prince's parents, done by the same artist—Australian born Mrs. Stella Marks.

The Prince, says Mrs. Marks, is a picture's dream with his thick gold hair, deep blue eyes and very long lashes.

Rangoon Y Leader To Speak Here At Annual Meeting

Message of courage for the New Year, was theme of devotional given by John, Kaiman at recent YWCA Board of Directors meeting.

Mrs. M. D. McDougall presided and received committee reports.

Mrs. C. F. MacIsaac, treasurer, placed the budget for 1939 before the directors.

Plans for the annual meeting were discussed, it will be held at YWCA, 20 when Miss Bessie Amann, former general secretary for Rangoon Y will be in Edmonton.

Executive director Mrs. Cora T. Casselman reported on Christmas activities. Christmas parties for children of health education department were held and over three hundred entertained.

Following the meeting Mrs. McDougall and Mrs. Casselman entertained the Directors. Mrs. Eric Austin poured tea. Miss Christine Kormack assisted in serving.

Lois Cawston Becomes Bride of R. L. Pharis

Blue lights glowed softly on Christmas trees in Wesley United Church recently as Lois Cawston became the bride of Robert Leslie Pharis.

Baskets of white chrysanthemums with large red satin bows added to the Yuletide setting in which Rev. T. L. Jackson performed the double ring ceremony.

Daughter of Mrs. W. V. Harcourt of Beaver Lodge and her husband is the son of Mr. and Mrs. Leslie F. Pharis of Margah.

WEDDING VEIL
Given in marriage by W. V. Harcourt, bride was crowned in white chiffon veil studded with full-pointed skirt. Features of the bride were highlighted by a soft, shimmering hair.

White enshrouded cloth covered the bride's table which had as its centerpiece a tiered-cake adorned in many tints and garnished with sprays of baby and cedar.

Rev. Jackson proposed a toast to the bride.

Northwest Mines Set Output Record

Some Operations Delayed But No 1951 Shut-Downs

Mines operating in Canada's northwest hit a new production high during the past year.

New records were set despite the current depression in gold, brought about by soaring production costs for mining. L. E. Drummond, secretary-manager of Alberta and Northwest Chamber of Mines, said in Edmonton today.

Forecasting continued development of northern mining, Mr. Drummond stated that production problems have been partly eased by the Emergency Mining Assistance Act.

Rising costs have limited operations to high grade ore mines only, and many mines in Eastern Canada—where grades of ore are lower—

At the end of August, 1950, 86,341 feet of diamond drilling had been completed at Pine Point base metals development on the south shore of Great Slave Lake.

In addition, 73 miles of road have been built, of which 20 miles is all-weather road and 30 miles dry-weather road.

OTHER FACTS
Other figures given by Mr. Drummond:

Giant mine at Yellowknife presently employs 275 men with an average daily production of 430 tons of ore. Con mine with 319 men, produces 305 tons.

Negus, with 150 men, produces 106 tons. Discovery Yellowknife, with 75 men, produces 88 tons.

A total of 1,507 men have gone through the Chamber of Mines employment service during the past year, Mr. Drummond stated.

5 Workmen Hurt
MONTREAL, Dec. 28.—(CP)—Five workmen were injured yesterday when an elevator on which they were riding fell 30 feet. Police said brake failure caused the accident. Police said the men were employed on construction of a building extension.

Blue Cross Announces Extension of Benefits

An extension of benefits to subscribers—including full compensation when hospitalized outside their home area—was announced today by Alberta Blue Cross.

New program, announced by Joseph A. Monaghan, executive director of Alberta Blue Cross, plans:

1.—Effective March 1, 1951, subscribers will be entitled to 120 days hospital care and treatment on admission to a Blue Cross hospital as a bed patient. Patients were formerly entitled to only 30 days of care and treatment.

2.—Drafting soon of a new hospital, or supplementary, contract, which will offer additional protection to persons not fully covered at the present time under the mutual plan of hospitalization.

3.—Effective Jan. 1, 1951, subscribers who are hospitalized in a Blue Cross hospital anywhere in Canada, the United States or Puerto Rico will be entitled to the same benefits.

Letter charges include protection for all unmarried children under 18 years of age.

Mr. Monaghan stated that above new benefits do not apply to subscribers hospitalized in non-Blue Cross hospitals, such as in British Columbia or Saskatchewan, where Blue Cross does not operate. Payments in non-Blue Cross hospitals will remain at a maximum of \$5.50 per day, but present contract limit of 30 days will be extended to 120 days on March 1, 1951.

Cleric Condemns Atomic Bombing
YORK, Dec. 28.—(AP)—Dr. Cyril Garbett, Archbishop of York, asserted that atomic bombing to drive the Chinese Reds from Korea "would result in an irreparable breach between the East and the West."

"The use of the atomic bomb," he said in his monthly diocesan letter, "could only be justified as a final attempt to save western civilization from catastrophic ruin by unprovoked aggression."

Gunbattle Fatal In Aden Palace

CAIRO, Dec. 28.—(AP)—Eight Nationalist party members were killed and five members of the palace guard wounded Wednesday in a gun battle at the palace of the Sultan of Qu'Ati in the state of Mukalla in the eastern Aden protectorate, the Arab News Agency said yesterday.

The eastern and western Aden protectorates are at the southern end of the Arabian peninsula north of the British colony of Aden. Arab chiefs of states comprising the protectorates have treaty relations with Britain.

Scholar Sentenced For College Arson
ANN ARBOR, Mich. 28.—(AP)—Robert H. Stacy, 30-year-old scholar convicted last week of arson in the \$800,000 eleven fire at the University of Michigan, was sentenced yesterday to five to 10 years in prison. Stacy, convicted of arson Dec. 16 in the June 6 burning of the campus landmark, had been under psychiatric treatment.

Hiss Allowed More Freedom

NEW YORK, Dec. 28.—(AP)—Alger Hiss yesterday was allowed continued freedom on bail by a decision of the United States Court of Appeals. The court allowed bond to stand at \$20,000 until Hiss' perjury conviction is ruled upon by the United States Supreme Court.

Hiss, former high state department aide, was convicted early this year of lying when he denied he ever gave state department secrets to a Soviet spy ring. He was sentenced to five years in prison.

U.S. Army Admits 'Limited Shortage'
WASHINGTON, Dec. 28.—(AP)—The United States army said yesterday there is a "limited shortage" of combat boots and gloves for troops training in the United States, but no shortages on the Korean war front. The spokesman acknowledged that the army sold both gloves and combat boots as surplus three years ago.

EATON'S Clearance SPECIALS For ALL!

To Conclusion—Saturday 9:30 a.m. to 5:30 p.m.—To Call EATON'S Dial 9-1-2. See Window Displays!
